## INFORMATION SHEET FOR MIDDLE SCHOOL PARENTS

### Using Tell Me More at Home

Middle school students have the wonderful opportunity to participate in additional, independent language instruction through Tell Me More. Tell Me More is an adaptive, Internet-based language program that personalizes learning. The program provides students with exposure to a selected culture and language.

Students will have access to Tell Me More whenever they connect to the Internet. Headsets with microphones can be checked out from the school library. In order to have your child access the program independently, please use the following directions:

1. Log in to: <http://www.tellmoreeducation.com/>.
2. Enter student ID number for the user name.
3. Enter the student ID number for the password.
4. Click on *sign in*.
5. Begin learning language.

Below the header is a green horizontal bar, followed by a large red area with a white grid pattern. At the bottom of the page is a yellow horizontal bar with a white grid pattern. A green arrow points from a callout box to the login URL in the header. Two white callout boxes with black text are positioned over the login fields: one on the left for the student ID and one on the right for the password. A black arrow points from the right callout box to the "sign in" button.
