”

KUSD students have access to various dual credit courses outside of the ECCP and SCN programs to get a jumpstart on their post-secondary journey through UW-Parkside's PACC program, Gateway Technical College transcribed credit, and Carthage College's Educators Rising coursework. (Attachment B)

- Employability skills, and the soft/durable skills employers seek from their employees, are integrated into a variety of courses and lessons in our curriculum. Students begin learning basic social-emotional learning skills beginning in kindergarten and continuing through eighth grade utilizing the Second Step: Social-Emotional Learning program. At the high school level, students are able to enroll in specific courses related to employability skill development such as Employability Seminar and Employability Skills. Through our Career and Technical Education courses, students are engaged with employability skill development through real-world curriculum experiences.
- Students participating in the KUSD Career and Technical Education pathways have an opportunity to earn many different stackable industry-recognized credentials and certifications through their coursework. These certifications and credentials validate students' knowledge and skills helping them prepare for entry-level employment in high-skill, high-demand careers. (Attachment C)

- The Career and Technical Education career pathways available in the KUSD include:

- Advanced Manufacturing, [*State approved regional career pathway](#)
- Architecture & Construction, [*State approved regional career pathway](#)
- Arts, A/V Technology, & Communications, [*Locally developed career pathway](#)
- Business Management & Administration, [*State approved regional career pathway](#)

- Jeffery Elementary Community Day in partnership with the Kenosha Mayor's Office
- Family Education Programs focused on CTE pathways

Community partners interested in getting involved with the KUSD can contact Aaron Williams, Coordinator of Career and Technical Education, at awilliam@kUSD.edu

Grade Level Appropriate Career Readiness Activities and Career-based Learning Experiences

- Teaching staff utilize teacher generated career exploration activities, school and classroom career day visits, and counselor career discussions in conjunction with academic courses. In 4th and 5th grade, students have opportunities to discuss strengths and interests and how they may lead to future career choices. Social skills and behavior expectations related to obtaining and holding a career are highlighted during counselor lessons.

- Career readiness activities are also
